

A•R•T[®] Purifying Toner

Age Refining Technology

Cleanse, purify, and rejuvenate
the surface of the skin

Product Summary

A necessary step in any comprehensive skin care regimen, Young Living's Purifying Toner helps support cleansing by removing unwanted oil, dirt, and other impurities that can accumulate on the skin. Understanding the therapeutic benefits of pure essential oils in skincare products, Young Living has included frankincense and sandalwood for their ability to visibly revitalize skin, lemon and peppermint to cleanse and energize, and melissa and lavender to sooth and balance. This remarkable formula will purify and rejuvenate the skin's surface, restoring a firm and healthy-looking complexion.

Product Story

The natural process of aging can have a negative effect on the texture, tone, and appearance of skin. As we age, our skin is repeatedly exposed to harmful chemicals and damaging sunlight. Over time, this exposure causes significant damage to DNA, and eventually the skin starts to thin, age spots appear, and uneven skin tone, enlarged pores, and wrinkle formation result.

To actually restore your complexion's vibrant, youthful appearance, you must repair DNA, build healthy collagen, and maintain nourished and hydrated skin. Young Living has combined pure, therapeutic-grade essential oils, DNA recovery technology, and collagen-enhancing ingredients to create a line of quality skin care products that can combat the visible signs of aging at the cellular level, renewing younger-looking skin.

Young Living's Age Refining Technology Skin Care System includes a Gentle Foaming Cleanser, Day Activator, and Night Reconstructor cream. Adding the Purifying Toner to this skincare regimen will further improve the appearance of dry, sun-damaged skin by enhancing pH balance, reducing pore size, and restoring a softer, smoother complexion. Used in conjunction with the A•R•T Skin Care System, the Purifying Toner provides a more complete, more effective skincare regimen.

Primary Benefits

- + Minimize oily shine
- + Enhances pH balance
- + Reduces the appearance of pores
- + Smooths and softens skin

What Makes This Product Unique?

Typically, toners are positioned as a final step in cleansing and generally work as stripping agents that remove excess oil and other residue from the surface of the skin. However, they can also contain harsh, inexpensive astringents that can be extremely drying to skin.

Utilizing the same high-quality ingredients as the other A•R•T products, Young Living's A•R•T Purifying Toner helps cleanse, energize, and revitalize the surface of the skin. Relying on skin-soothing essential oils and witch hazel extract, the Purifying Toner won't leave skin feeling dry and dehydrated. This mild formula absorbs quickly and leaves skin feeling clean, smooth, and soft.

Who Should Use This Product?

This product is ideal for adult men and women concerned with protecting their skin and reversing the appearance of aging by correcting UV and oxidative damage and preserving firmness, elasticity, and even skin tone well into their middle and late stages of adulthood. As men and woman become more aware of their skin's vulnerability to aging, they are taking early preventative measures, including investing in quality skin care products, to ensure longevity of younger-looking skin.

Frequently Asked Questions

Q Since many essential oils can be drying to the skin and most toners strip skin of moisture, should someone with dry skin avoid this product?

A *The A•R•T Purifying Toner contains witch hazel extract, allantoin, and aloe to help moisturize and condition skin. Although some essential oils can be drying when applied directly to the skin, the essential oils in this formula have been carefully selected for their skin-nourishing properties and are delivered in amounts that won't leave skin feeling dehydrated. However, since certain skin conditions, skin type, diet, sleep, age, and sun exposure all effect the level of moisture in skin, it is recommended that you adjust usage of the A•R•T Purifying Toner, Day Activator, and Night Reconstructor products according to your personal skincare needs.*
