

NingXia Red[®]

Product Summary

NingXia Red is a powerful antioxidant drink; it supports immune function, liver function, and eye health, and is reported to increase energy.*

Product Claims

- + Offers the highest known protection against the dangerous superoxide free radical as documented in the S-ORAC test conducted by Brunswick Laboratories
- + Contains powerful wolfberry polysaccharides shown to enhance normal immune health*
- + Contains wolfberry compounds that support healthy liver function*
- + Is rich in phytonutrients that offer optimal support for eye health*
- + Has wolfberries, which contribute 18 amino acids, 21 trace minerals, more beta carotene than carrots, more vitamin C than oranges, vitamin E, and vitamins B1, B2, and B6
- + Has wolfberry polysaccharides, which support proper cellular communication without spiking blood sugar levels because wolfberries are low glycemic, having a glycemic index of only 10.6 (table sugar is rated at 83)
- + Delivers antioxidant synergy from the juices of wolfberries, blueberries, apricots, raspberries, and pomegranates, and the antioxidant d-limonene found in orange and lemon essential oils (d-limonene also promotes normal cell life cycles*)

- + Contains raspberries, which are a rich source of ellagic acid, a potent antioxidant, along with B vitamins and vitamin C
- + Contains blueberries, which provide anthocyanidin antioxidant power that also is cardioprotective*
- + Contains apricots, which provide beta carotene and vitamin C
- + Contains pomegranates, which have more polyphenol antioxidants than other juices and supply ellagic acid

Key Ingredients

Contains whole Ningxia wolfberry puree; a superbblend of blueberry, pomegranate, apricot, and raspberry juices; organic blue agave; grape pomace (water extracted), ascorbic acid (vitamin C), and lemon and orange pure essential oils.

How To Use

Take 1–2 fl. oz. daily or as needed. Shake well before using, and refrigerate after opening.

Important Information

Because NingXia Red uses whole-fruit wolfberry puree, more health benefits are retained. From the patented puree process in Ningxia, China, to the careful blending and bottling in glass, the nutritional value of our juice is preserved in each and every bottle of NingXia Red.

The power found in NingXia Red is a result of blending nutrient-dense wolfberry puree with the juices of fruits known for complex phytonutrients.

NingXia Red®

Scientists have confirmed the benefits of whole food synergy. Researchers at Cornell University concluded that a synergistic and additive effect is why whole fruits and vegetables have potent antioxidant activity.

NingXia Red offers the best in wholesome and nutritious juices, using organic Blue Agave instead of sugary juices for sweetening. Support and protect your body with this powerful drink!

Complementary Products

For more immune support:

ImmuPro™

A great tasting, chewable formula that combines five powerful polysaccharides, including Ningxia wolfberry and beta glucan, to help rejuvenate your immune system*

Exodus™

Contains echinacea and other immune-stimulating herbs with essential oils and trace minerals

For supporting eye health:

Omega Blue™

A clinically proven dose of omega-3 fatty acid nutrients from pure fish oil combined with essential oils for heart, eye, brain, and joint health*

For more liver support:

JuvaTone

A liver-supporting blend of herbs, essential oils, and dl-methione which helps recycle the powerful liver antioxidant glutathione, necessary for normal liver function*

For more antioxidant protection:

Longevity™

These capsules contain the world's most antioxidant-rich essential oils: frankincense, thyme, orange, and clove.
